True Victims, Inc.

Working toward accomplishing their mission of advocating for victims of crime through public awareness and education, Remembering the True Victims offers an awareness bracelet. This purple, silicone bracelet carries the motto "If there is no victim, this is no crime."[©]

The founders of Remembering the True Victims, Inc. (RTTV) carry the story of the 1993 murder of their daughter and two grandsons to audiences throughout the country. Speaking before national associations, domestic violence awareness organizations, college classrooms, departments of corrections, police departments and offenders in prisons their message is always the same - "Violence has a far reaching impact crime on its victim, the victim's family and society. Life is all about choices; we all must watch our actions, thoughts and words, because they can become our destiny." Awareness is having knowledge or perception of a situation or fact. The fact is, there are no "victimless" crimes; without a victim, a crime has not been committed.
